#### GRAIN AND PROVISIONS.

#### CHICAGO.

CHICAGO, September 19.-Apparent certainty that wheat and flour would be or the free list made wheat prices here today heavy. Resting commission orders to buy at a decline formed the only support. Predictions of free Russian shipments counted against the bulls, and so, too, did the good crop outlook in Argentina. The opening was the same as last night to 1 lower, and the market suffered some additional setback

Clear weather favoring shipments from the farms brought about weakness in corn. Concerns that were liberal buyers yesterday led the selling. Prices started 18a1, to 14a3 off, and latef showed further sag. Oats eased in sympathy with other

grain. Trade was only of a scattered sort. Declines in corn and hogs carried down provisions. First sales were unchanged to 10 lower. The market, however, gave no evidence of any particular pressure. Statements that no shortage in winter wheat crop acreage need now be feared acted as a drug against any upturn. The close was steady at prices ranging from last night's level to 3 down. Reports that Argentine corn had been delivered in Montreal 4 cents cheaper tnan obtainable from Chicago kept the market depressed until afternoon, when a rally took place, the result of buying on the part of several leading houses. The close was steady, 1/4a% to 1/2 net higher,
